# The 1951 Bowenite

## FOREWORD

As the graduates of 1951 go through the doors and pass through the gates of Bowen for the last time, they will carry with them memories of our lovely campus, so beautiful in summer, so somber in winter: the center walk with its succession of colorful bloom, the entire lawn alive with the enthusiasm of a pep rally, the corner dedicated to our flag.

The combined staffs of the 1951 Bowenite have endeavored to help recall this memory of Bowen's beautiful campus.

# DEDICATION

The 1951 Bowenite is affectionately dedicated to Mr. William H. Collins, our recently retired Assistant Principal, in recognition of his outstanding services to his high school Alma Mater which he loyally served for more than thirty years of professional life.

Mr. Collins first came to Bowen as a teacher of Mathematics and Mechanical Drawing. His preparation had fitted him for success in these subjects, covering as it did a wide range of courses allied to the engineering field. Coupled with this theoretical training was the practical experience he had gained in the industrial world.

His educational leadership was recognized by his appointment to the post of administrative assistant where he enhanced his reputation by building a smooth functioning school program. This latter achievement was owing, in no small degree, to his ability to appreciate the viewpoint of faculty and student body alike.

Mr. Collin's career has been a full one. An outdoor man, he has been interested in all sports, especially fishing. Photography has been a major interest through the years and it is typical of the man that his interest led him to organize and sponsor The Shutterbugs, our student camera club.

Now that his educational career is over, he continues to extend a helping hand to our school and to the community where he was born and where he served. His increased leisure is giving him an opportunity to pursue his many interests. He has more time to develop and perfect the techniques of the *Art of Being a Grandfather*.

Bowen is proud to have had its long and fruitful association with so vigorous and respected a teacher, administrator and friend.

## THROUGH THE YEARS

Mr. William H. Collins

Mr. Hearne addresses pep rally.

## Our Principal Mr. William P. Hearne

Dear Graduates of 1951:

Most of you realize that your four years of high school have sped by rather rapidly, and that you are starting on a new phase: further schooling, business, or military service.

You have been told that you are important because you are a human being and all that this includes. You are way above the animal kingdom and a little below the angels. For this reason each one of you is of more importance than the entire physical universe.

The only true basis of freedom rests on the fact that we are free to do the thing we ought to do. To be faithful to your duties to God and to your Country is the primary end of education. The extent to which you achieve this will be the true measure of your success. This is learning how to live.

It is also important to learn how to make a living. Both aims can be accomplished but if the second is sought to the exclusion of the first, then secondary values usurp the place of primary values. In other words, our sense of values has been destroyed.

Many sound thinkers today give this loss of putting first things first as the basic cause for the current ills of society.

My advice, then, to each of you, is to continue to search for real values, to put first things first, to know what democracy means, and thus to prepare yourself to be active citizens in this grand land.

Sincerely yours,

*William P. Hearne*

MR. HEARNE AT HIS DESK

Our New  
Assistant Principal  
Mr. Eli J. Goldberg

In the years to come, on some occasional quiet evening, as you turn the pages of this book and recall the many incidents and activities of high school, you will relive the glorious and carefree high school days of your youth. The pictures and words of this annual will bring back with keen and knowing interest your former associates, favorite club, the teams on which you played, and perhaps a "former charmer of the heart." You will see, also, through your powers of memory, the classroom setting, the little variations in your former teachers' mannerisms, and if you are with former classmates, you will discuss all the pet peeves which were so involved in your educational routine. Preserve this yearbook of 1951 for the remainder of your life, for it is the only recorded instrument through which you may continue to vividly retain the years you spent at Bowen.

May your days ahead prove to be as fruitful, invigorating and thought-provoking as the time you spent at Bowen, and may they also be happy and prosperous ones as you journey through life.

# Activities

Our well-kept lawn forms an appropriate setting for our national emblem. The flag ceremony performed by the R.O.T.C. is symbolical of all that we hope for and believe in as Americans. It is also a demonstration of precision and service which have made our military unit outstanding.

## They Champion Every Worthwhile Cause

The Student Board, which strives to promote the welfare of the school by developing leadership, cooperation, initiative, and better understanding between the faculty and students, is an organization made up of representatives from all divisions and clubs at Bowen.

The representatives are elected by members of their divisions or organizations with the approval of the division teacher or sponsor.

At the meetings, the Student Board discusses the various problems of the school such as Lunch Room conditions in relationship to students, cleanli-

ness throughout the building and the surrounding grounds, and anything else that comes to the attention of the board and must be accomplished by the students themselves. The Student Board also takes care of all collections conducted throughout the year. Among them are the Thanksgiving Fund, Memorial Day Flower Fund, the March of Dimes, Easter Seals and the Red Cross. These collections are carried out through the division representatives.

Mr. Eli Goldberg was the faculty sponsor of the Student Board during the fall semester of 1950, and Miss Barlow is at present the sponsor of this organization.

## Student Art Works Enrich Our School

All those students who have one year of art are eligible for membership in the Advanced Art Club, a class of young people who are interested in art either as a career or just a hobby. It is a major sub-

ject taken ten periods a week for a full credit.

This organization renders an invaluable service to the school by making posters for all special events including dances, contests, and drives. They also decorate the lunchroom and corridors for holidays.

A course in advanced art consists mainly of instruction in figure drawing, water colors, tempera colors, plaster modeling, layout advertising, still life and landscape painting, and poster work.

Teachers have found that they can always call upon the Advanced Art Club to assist them in special projects by making stage props and helping in any way they can.

Miss Beatrice Bond and Mrs. Dorothy Oldham alternate sponsorship of the club every year.

from our chorus we have Violet Nakarda and Ken Westerdahl as soloists.

This year, the Mixed Chorus gave a concert at South Park Lutheran Church, sang at the Christmas Program at Bowen, presented their annual spring dance, sang at the Music Festival, gave a concert at Zion Lutheran Church, and attended, in masses, the yearly picnic at the Indiana Dunes.

Mr. David Karolius acted as director of the Bowen Mixed Chorus during the fall semester of 1950 in the absence of the present director Mr. Clayton Fox. Mr. Karolius kept the chorus running smoothly during that period. He also generously contributed solos to various school programs.

## Ballet Club Keeps Bowen On Its Toes

The Ballet Club has enjoyed its largest membership and its most active season since its formation in 1946. Interest has been so high that all applicants had to be screened, and a limit put on membership.

The first production consisted of a group of Danish folk dances performed at the Museum of Science and Industry as part of the celebration of Christmas. Next the Club participated in the annual Bowen Christmas program, with the presentation of "Santa's Workshop," a fantasy in which various toys come to life. The Club helped to make Christmas merrier for the sick children at LaRabida Sanatorium when they accompanied Miss Collins and the Girls Chorus, and repeated their Christmas program.

During the second semester, the Ballet Club has presented an interpretation of "Over the Rainbow" at both Bessemer and Trumbull Park field-houses. The year's work was climaxed by the Club's major effort, the interpretation of "Themes from Rachmaninoff's Third Piano Concerto," performed at the Music Festival. All of these presentations have been under the supervision of Arlene Vespa who has worked conscientiously as choreographer and director.

## Bowen's Instrumentalists Furnish Delightful Music

The students at Bowen have a wonderful opportunity to play in two of the finest instrumental organizations in the city of Chicago. The school furnishes a large variety of instruments for those who cannot afford their own or wish to play an additional one. There are flutes, clarinets, the larger saxophones, oboes, bassoons, violins, violas, cellos, string basses, French horns, baritones, sousaphones, and tympani available to the students.

During the past year, the band and orchestra have participated in the following events:—football games; Columbus Day Parade; P. T. A. Fathers' Night; The Christmas Program; the South Chicago Business Men's Luncheon; Orientation Assemblies; Chicago high school solo, ensemble, and orchestra contests; spring clean-up campaign; Pan-American program; Band and Orchestra concert; and the

Music Festival. They have furnished music for various clubs and neighborhood programs.

Students in this department have been encouraged to play more than one instrument after they have mastered their first one. Among those who have availed themselves of the opportunity to use some of the fine instruments supplied by the band and orchestra are:

Art Vazquez, who plays trumpet, string bass, French horn, and violin;

Warne Stauss, who plays all percussion instruments including chimes and bells, and sousaphone;

Shirley Richards, playing viola, piano, violin, cello, and the glockenspiel;

Don Nibbe, who plays string bass and baritone.

Kenneth Mendelson, playing trumpet and the French horn.

## Shine The Spotlight on Our Stage Crew

The many stimulating programs which we at Bowen enjoy throughout the year would never be so effective without the services afforded us by the generosity of the stage crew. We all know that we can count on these boys to make the best of a program, whatever it may be, and once it has been

put into their hands, we begin to feel assured of its success. We are not disappointed when, later, we see the expression of our thought cross the footlights to inspire, amuse, or instruct; the audience is hardly aware of the timing, the integration, the effect, achieved by their management.

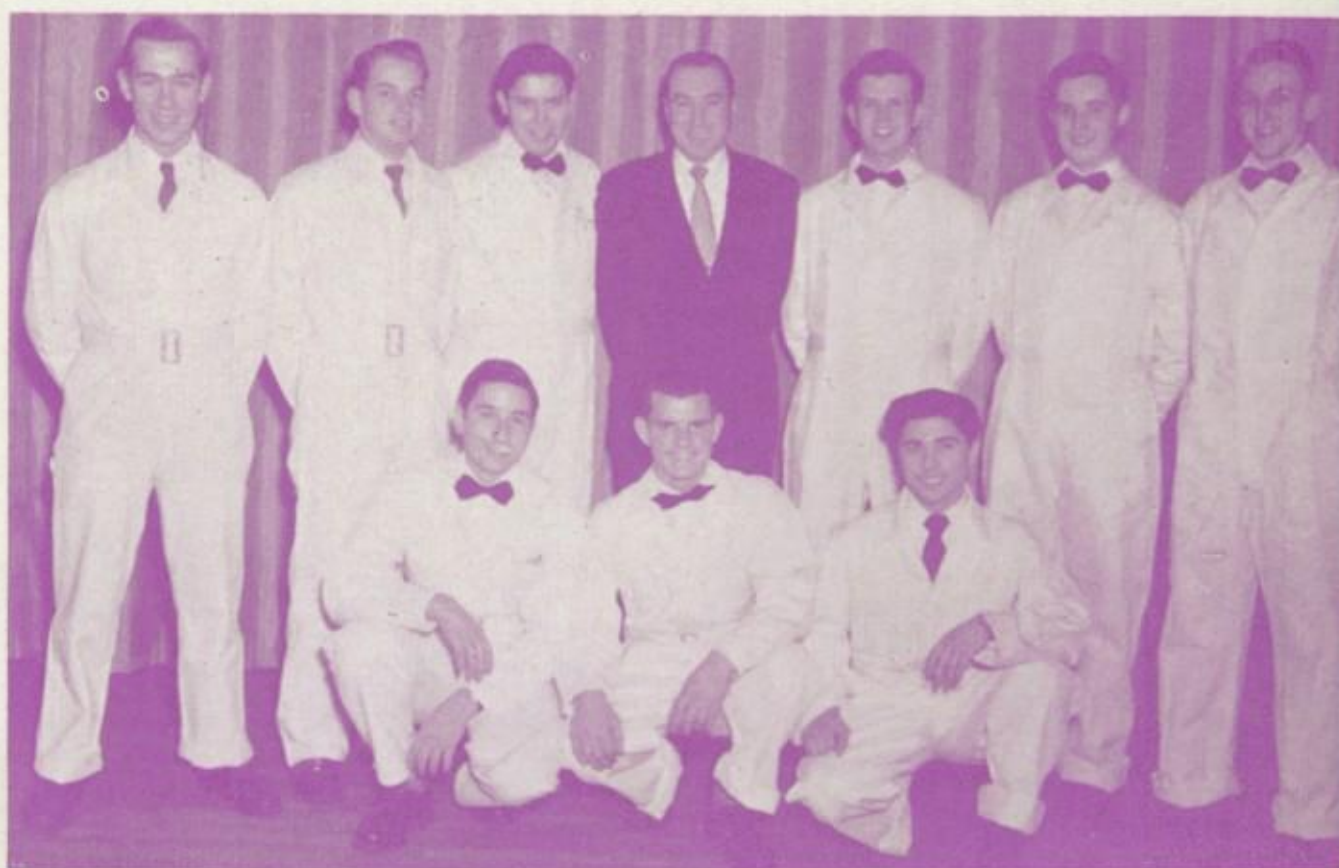

The stage crew takes care of flood lights, spot lights, foot lights, house lights, special effects, microphones, sound controls, and flowers. They work under the leadership of Mr. H. Brandenburg.

# May I Have Your Card?

The Bowen Library Club has had an extremely busy year. In addition to their every day activities of helping to keep the library running smoothly, the members have prepared two displays: one for Book Week, and one for Pan-American Week for the lobby showcases. Four of the members have appeared on "The Carnival of Books" radio program. The club has also prepared displays of various kinds for the library itself, has run articles in all Bowen Arrow issues advertising new books and other items of interest about the library. Members have held regular meetings, both educational and social, and each semester has been climaxed by a tea in the Social Room, in honor of the graduating members.

1) Judy Millsap, Rudi Baumann and Ann Grabowski looking over the bulletin board during Book Week.

2) George Kerr, Janet Johnson, Marjorie Jarvis and Eugene Grabbe sorting the magazines.

3) Karen Johnson, Janet Nolan, Louise Calvert, Roy Johnson and Velva Wilson at library charging desk.

1) Sharon Houser, Joanne Stath and Florence Grabbe shelving books.

2) Alice Shellberg working at the dictionary, and Don Todosichuk and Stephen Schoch looking up books in the card catalog.

3) Jane Chase, Barbara Mitchell and Claudette Simunac working with new magazines.

# Shutterbugs Study Value of Photography

The Shutterbugs, sponsored by Mr. William H. Collins in the fall of 1950, and by Mr. A. E. Larsen in the spring of 1951, is open to all Bowen High School students. It strives to create an interest in photography and gives its members an opportunity to discuss problems and exchange ideas concerning picture taking.

They have gone on field trips to points of interest and have enjoyed lectures on filters, lenses, film, color film, developing, good pictures, and different cameras. The lectures are given by guest speakers and by club members.

Movies, tours and demonstrations are also a part of the activities of the Shutterbugs.

Topics such as composition, lenses and lights are featured at meetings along with analyzing prints

and dark room technique.

The club also sponsors photo contests among its members.

## Audio-Visual Aids Arrive On Schedule

The members of the Visual Education Club have completed another year of service to our school, having carried to completion a heavy schedule of film showings throughout the year. Besides showing films, the equipment must be moved to the various rooms where needed and the machines must be oiled and kept in running condition. All of these jobs were done well and with enthusiasm by the members during this past year.

The high point of the year's activities is the annual banquet when the members get together for a dinner and a general good time.

The Visual Education Club trains its members to operate and care for the projectors. New members therefore do not need to know how to operate projectors, and the most important requirement for membership is a desire to be of important service to the school. Members receive for their service Tau Pi Alpha credit and, after four semesters of membership, a Visual Education letter can be won.

The sponsor of the Visual Education Club is Mr. John Kelly.

## Office Workers Render Valuable Services

The members of this most useful of organizations have found a way to render service to our school and to widen their own experience at the same time. They assist the secretaries in carrying on the many activities centered in the Main Office. Messages are dispatched, supplies delivered, mail distributed. The daily bulletin is mimeographed. Faculty members often avail themselves of the services of this trained group, knowing that all commissions will be accomplished with dispatch.

Strangers entering Bowen on business are directed to the office of the particular counselor or

administrator whom they are to see. Visitors are conducted through the building.

The student office personnel thus becomes familiar with the administration of our school with its procedure similar to those in business offices. This type of activity helps in developing dependability, promptness and the ability to follow directions. Office service is especially interesting to lower classmen, affording them an opportunity of meeting the different members of the faculty, the student body and becoming familiar with the different parts of the school.

## A Second Helping ?

A group of girls called the Serving Girls have been the recipients of many compliments from outsiders as well as from the faculty and students at Bowen.

These girls, sponsored by Mrs. Allman and Miss Brett, are a picked group, trained in the niceties of correct table service.

When Mr. Hearne entertains the South Chicago Chamber of Commerce, these young ladies are on hand to serve. They also assist at the many smaller affairs where Bowen is host to school officials, visitors from cities and abroad, Army person-

nel conducting Federal Inspection, officers and honored guests of the National Honor Society on Induction Day. Their gracious, well-timed help at the Honor Club Banquet is indispensable to the success of that outstanding event of the school year.

## From the Kitchen to the Tray

From the spotless stream-lined kitchen through our gleaming stainless-steel serving-room, our lunch-room is a model of efficiency. But best of all are the good eats which have been prepared for us by Mrs. Lindberg's hand-picked staff of assistants, each of whom is a specialist in the preparation of food.

Walter Cullen and Arthur Meganck are ready to eat.

## Thousands of Books

The Bookroom was transferred from its fourth floor attic to Room 106 at the beginning of the fall semester. The moving and organizing of the thousands of volumes was a task of no small magnitude, but Mrs. Greenway and her staff feel that the new quarters are such an improvement over the old that the upheaval was well worth the effort. Through it all they kept up the regular book room services: issuing and receiving books, stamping and classifying new orders, packaging discards and orders for the bindery. Next year the book room will function even more smoothly than it did in the past under such conditions.

## Bowen's Best Friends

The Parent-Teacher Association of Bowen High School contributes in many ways to the welfare of our school. Perhaps their outstanding project is International Night, an evening of *divertissements* contributed by the various national groups in colorful costume. In connection with this program a bake sale featuring foreign pastries is held in Room 105. They lend their support in making the football banquet a success. They present the National Honor Society pin to each member, to mention but two of their contributions to our school's activities.

The worth-while meetings, the faculty teas, the Father's Night program all attest the seriousness of purpose and enthusiasm of our P.T.A. headed this year by Mr. Kosanke.

## What Luck! All My Classes Are Open

Bowen has every right to be proud of her registration department because of its efficiency and because the students themselves choose the subjects they want, the time they want them and their instructors as well.

It is not, however, something that just "happens." Many hours of hard work are put into the preparation of a master program, issuing of election cards, program cards, registration slips, and the like.

The master program is an immense project in itself. It lists each possible subject, the class number, room number, teacher and the period when it is offered. There is a choice of teachers for a certain subject at a designated period.

An interesting fact behind the master program as we see it is that the schedule not only gives the teachers five class periods a day but usually gives them three periods that will not interfere with any sponsorship of clubs, counselling or anything else that requires a certain period or can be accomplished best at a given time. This is just one of the extra courtesies that are taken into consideration when the master program is made out.

It is the duty of the assistant principal to compile this master program. In the past it has been done by Mr. William H. Collins but was taken over this February by Mr. Eli J. Goldberg upon Mr. Collins' retirement as Assistant Principal of Bowen High

School. Both are to be commended for their excellent work in preparing, for the student's convenience, this guide to aid them in deciding upon a suitable program for each semester as it presents itself.

Also, the work of the faculty members and students who help with registration should be acknowledged. The students take care of all of the filing of the election cards and the cards used by the class teachers for attendance the first two weeks of each semester, put programs in order and go over all registration material turned in by students to see that they are complete and satisfactory. The teachers under Miss Shea, Miss Brennan, Miss Fogelson, Miss McKinstry, Miss Kinsey and Miss Puder, have checked all programs as they were made out by the students to see that they register for the required courses when needed, the right lunch period for their grade in school, and to see that the program corresponds with their electives as well as the master program. They perform a service that is seldom recognized but constantly appreciated by all the Bowenites.

None of this, however would be possible if it were not for Mr. Fisher and the Print Shop who print all registration material for every student at Bowen; again serving the school in their same silent way.

## Son Todos Muy Amigos

The advanced Spanish students at Bowen who have had at least two years of Spanish and who are interested in knowing more about the language and customs of the people in South American countries make up this organization known as the Pan-American Club.

This is the largest language club at Bowen and is sponsored by Mr. Park.

During the school year, the Pan-American Club writes and produces the Columbus Day program, October 12, and the Pan-American Day program on April 14.

## Vive La Compagnie!

"J'en serais enchanté!" or, translated, "I would be delighted!" is the motto of LeCercle Francais de Bowen High School and is the answer of any member who is asked to do anything for the club.

Meetings are held about twice monthly and provide an opportunity for French students to apply the language in a most entertaining and educational manner. Talented members contribute to the program with their songs in French and instrumental numbers by French composers. Short skits and comedies are often given by the students. Group participation is afforded by games, songs, and movies.

The meetings are conducted entirely in French.

Among the highlights of the activities of this organization was a large Christmas box of clothing and toys which was sent to the clubs adopted war orphans, Therese Marie and Guy Nieuwiarts, of St. Amand, France. A short play was also given by the members of the French Club for the Honor Club Banquet in June, 1951.

## Gaudeamus Igitur!

The Latin Club has not been as active during this year as in previous years. Members contributed a very clever skit to the program at the Honor Club dinner. The theme of their performance was a take-off in correct table manners.

## I Made It Myself

Bowen is most fortunate in having a well-equipped and well-staffed Home Economics Department. During the year an additional classroom has been made into a Home Management Laboratory. In connection with this course the students receive instruction in home nursing by the Red Cross.

Under the direction of Mrs. Dueter and Miss Buckley, the girls in the clothing classes develop great skill in dressmaking and tailoring. From time to time they participate in fashion shows.

In the light, stream-lined kitchen Mrs. Allman's and Miss Brett's students in the Foods classes learn to prepare and serve attractive and nutritious meals. From time to time they entertain at social affairs in their own little furnished apartment. The faculty members of the student body are always pleased to be invited to these affairs.

## Industries Beckon!

Bowen High School offers an extensive course in shop work for boys interested in doing things with their hands in a mechanical or creative way.

Industrial Arts, an introductory course, helps them to decide which field they wish to study and should be taken in the freshman year. It offers work in five different units: housing, graphic arts, ceramics, electricity, and metal. The students take up clay modeling, making things with glass, wood and metal, making tools, and some do work in electricity and basic printing.

These boys, under the direction of Mr. O'Hare, receive a well-rounded background for shopwork.

When they have chosen the phase of shopwork that they find most interesting, the students have the opportunity of studying and developing more skill in that line. For example, if printing is chosen, they can go on to the print shop and learn the basic printing techniques and advanced printing. The boys cover all work on platen and cylinder presses. The print shop, with Mr. Fisher, as instructor gives invaluable service to the school by printing the school paper, the Bowen Arrow; various programs for all occasions; tickets for dances and other functions where admission is charged; all registration material and other printed materials needed at school.

Another field for boys is auto shop. The objective here is to inform them of the construction of the automobile to make better potential owners and drivers of cars in addition to auto mechanics. These students study parts, carburetors and carburetion, ignition work, and equipment and have access to two 1951 Pontiac 6-cylinder engines, one Pontiac chassis, and two jeep engines. The boys work under the supervision of Mr. Brandenburg.

## Bowen Instructor Wounded in Korea

At the close of the spring 1950 semester, Bowen's ROTC Unit won third place honors in the Chicago High Schools Annual Federal Inspection. However, there was regret in the ranks of Bowen's Unit. Sgt. Marnul their Military Instructor, was being sent to Japan to serve in the occupation army for three years.

When the unit reformed in the fall, they learned that M/Sgt. Marnul had been sent into action at the outset of the conflict in Korea. On August 23rd, he was wounded in the foot by shell fragmentation and returned to the U.S. for treatment. In his absence, the Unit was headed by Sgt. 1st/cl. Wirt T. Glover, who had been our assistant Military Instructor since 1947.

With M/Sgt. Marnul and Assistant Military Instructor Sgt. McCollough on active duty, Sgt. Glover, began the traditional activities of the Unit. Later, he was aided by Capt. Newcome and Sgt. Beckman.

The Picked Platoon began to have its practice sessions at seven o'clock on school mornings. Our Drill Platoon captured the South Section Championship for the sixth consecutive year. However, we placed fourth in the city competition. We came within one point of winning third place, a margin so small that Col. Warren, P.M.S. & T. of Chicago High Schools gave us a special fourth place award.

By the time the Platoon Competition was over, Sgt. Marnul's wounds had healed enough to warrant his return. He rejoined the unit as Military Instructor in December and Sgt. Glover and Sgt. Beckman stayed on as assistant Military Instructors.

Bowen once again had a full staff of Military Personnel and the unit began to ready itself for the 1951 Federal Inspection.

## Christmas At Bowen

The two weeks preceding Christmas at Bowen are probably the most delightful days of the school year. Trees blossom forth in the Library, the Bandroom, and the Home Economics department. The art department is in a whirl of designing and making ornaments and centerpieces. The corridors are filled with the sweet and spicy fragrance from the Foods classes where cookies are being baked—cookies which will make their appearance on the table at the delightful series of teas.

The melody of carols emanates from the Social Room as the various clubs have their own celebrations. And finally there is the beautiful Christmas program, its merriment not untouched by reverence, which our music department prepares for us.

## Honor Club Is a Spur To Higher Achievement

The Honor Club is not only the goal of every student at Bowen, but it is also one of the oldest and largest organizations of the school. The present year finds a total of 386 members.

Every year the Honor Club fetes its senior members with a large banquet held in the Social Room followed by a program of entertainment.

This year after a welcome given by the Honor Club President, Bob Jingling, Mr. Vincent J. Conroy, former teacher and administrator at Bowen, gave a speech on Human Relations, thus, carrying through the theme of the banquet which was World Neighbors. Mr. Hearne also talked to the honored guests at the festivities.

Later the entire group retired to the Auditorium where Donald Johnson carried on as Master of Ceremonies of the program presented there. The special features this year were the skits given by the

foreign language groups. The French Club presented a comedy, "Rosalie". The Latin Club gave a pun on table manners called "Dulce Et Decorum Interdum Est Jocari." The Pan-American Club presented "Variedades Espanolas", a variety show. All of these performances were given in the foreign language. A traditional climax was a surprise act given by the faculty.

## National Honor Society Upholds High Ideals

The National Honor Society is an organization composed of those students who have met the requirements of Scholarship, Character, Leadership, and Service. Membership in this society is the highest honor that can be bestowed upon a student at Bowen. To attain entrance one must have been a member of the Honor Club for five semesters and have earned at least five service points. There were forty-six students in the National Honor Society during the fall semester 1950 and spring of 1951.

One of the highlights of the semester at Bowen High School is the induction ceremony of this society. It is then that new members receive a pin and certificate of membership, a gift of our Parent-Teachers Association.

## Senior Girls Council Sets Social Pace

Bow Day, Big Sister Day, Graduates' Luncheon and the National Honor Society Induction Tea are four of the oldest traditional activities at Bowen. The group responsible for organizing them each semester is the Senior Girls Council sponsored by Miss Edythe Lynch.

All fourth-year girls with an average of at least "G" are eligible for membership. The Board is composed of a representative from each of the 4B divisions and the officers are chosen from the same class. Together they plan and carry out the various projects of the Council.

The bows sold on Bow Day are made at a big party attended by all the members who gather in the Social Room during the final periods of the day. The funds thus raised are used to defray the expenses of the tea given following the National Honor Society Induction to honor the students newly initiated into that organization, their parents and members of the faculty.

The Council also continues to buy equipment for our Social Room. This year's funds are to go toward the purchase of a silver coffee urn which will greatly enhance the appearance of our table.

Big Sisters' Day last semester uncovered the fact that nine members really had "little sisters" in the freshman class.

## Jacket Girls Sponsor Two Successful Sales

Mrs. Harvey sponsors an organization composed of senior girls called the Jacket Girls. Membership is limited to those girls who have filed a written application and who have a high scholastic rating.

Among the activities of the club is a combination initiation and luncheon held in the Social Room in December.

The annual sale of Bowen Booster Badges, sponsored by the Jacket Girls, was a huge success this year. They also took care of the making and selling of carnation corsages for the Annual Music Festival.

The spring semester found them very busy with the initiation of twenty new members. Mr. Hearne, Mr. Collins and Miss Lynch were the honored guests at the occasion.

## Bowen Arrow Continues To Be On Top

Bowen's news publication, The Bowen Arrow, has served the school for many years and continues to do so as the 1951 Bowenite goes to press. It provides the students with all the latest news of the school and community.

This year the Arrow received the International Honor Rating of the Quill and Scroll for the third consecutive year.

The Bowen Arrow Staff is also a socially active organization. Each year they plan an outing at the Dunes besides holiday parties and the Scholastic Press Guild Luncheon which was attended by six staff members this year.

It is possible to receive two awards through work on the Bowen Arrow. The first is a letter "B" which can be earned by writing a designated number of printed inches and being generally reliable and industrious while doing Arrow service. The stu-

dent must also maintain at least a G average in all major subjects.

If a student on the staff is in the upper third of his class, and does excellent work in writing in addition to being recommended by the adviser and approved by the Executive Secretary of the Council, he may receive a Quill and Scroll pin in his senior year.

The publication of the Arrow is only half of the story behind the scenes. There are also division representatives who take care of sales and distribution of the paper.

# The Book of the Year

Another Bowenite has come off the press! It is a product of much team work and cooperation on the part of every member of the February and June Bowenite staffs.

Work began early in Sept. 1950 when a theme was chosen, a cover decided upon and general organization of the book took place. It was established that Bowen's beautiful campus would be employed as a theme for the entire Bowenite and that this would be especially evident on the double page spread introducing each section. The February staff also scheduled picture taking for most of the activities featured in the Bowenite.

Then the June staff stepped in and carried on where they left off. Identification of the graduates

was completed. Under the direction of Norman Wilson, editor-in-chief, and Francis Szromba, art editor, layouts were planned and actual mounting of pictures got under way.

With the completion of this extensive task the attention was focussed on typed material and the dummy.

Following that came the reading of galley and page proofs which finished the compository work of the Bowenite Staff and put it into the hands of the printers and binders.

It took a lot of hard work, much of it being during after school hours, but it was truly worth while in view of the fact that something has been added to enrich Bowen High School and carry on the tradition of a year book put out entirely by the students.

Lois Cornwell and Helen Guzman organize bulletin board.

Shirley Richards washes our mascot.

Rose Tomasich and Dorothy Wigsмоen type out copy.

Herbie Lightfoot and Gordon Frank check over accounts.

Mrs. Robinson and Ernest Koehler set dead-lines.

Ed Fischer, Joretta Boscardin and Ken Mendelson organize gloss prints.

John Royes and Eunice Siemanowska look at calendar for dead-line dates.

Bob Gotovac works at lay-outs.

Geraldine Baumann turns deposit ticket over to Mrs. Daly.

# DIVISIONS

Fifteen minutes out of each high school day at Bowen are devoted to a division period. Here, students come every day and meet with their division teachers. Attendance for the day is taken, collections taken for various funds, voting carried out, and the daily bulletin is read. It is the duty of all division teachers to read the bulletin and the duty of every student to listen.

If a teacher or club sponsor wishes to relay a message to all students at school or to a small number of them, a notice in the bulletin is the most certain way of getting the message through. There is also a section in the bulletin not read to the students but rather, is used only by the teachers.

A division teacher keeps all high school records of every student in his division. He also serves as a counsellor to his students.

The number in each division varies but usually is about 20 to 30 in membership. A pupil has the same division teacher for three years or until his senior year when he is transferred to a senior division which meets either in the Auditorium or the Little Theater.

An exception to this is the Band and Orchestra. Here Mrs. Caldwell has 100 students in her division, all of whom are members of either the band or the orchestra or both. Pupils remain in this division for as long as they are members of the organizations.

Division period at Bowen is not only a necessary part of school life, but is also an enjoyable and interesting time when we meet people we know and learn the latest news of the school and of the students and teachers here.

# Athletics

Bowen's beautiful campus affords a perfect gathering place for all of our pep rallies and outdoor activities. It is here that we hear and see our principal, the coaches, the team members and cheerleaders, and here, also, that we learn to cheer with zeal in support of our teams.

## Bowen Iron Men Win Four, Lose Three

Bowenites were stunned this year when their football team broke a two-year 15 game losing streak with a 13-6 victory over South Shore. After this practice game victory, our much improved squad battled it's way out of the South Section cellar, winning three of its six league games.

Coach Lou Wasserman began rebuilding our team last year when he re-organized Bowen's frosh-soph team. The 1950 season began to show the value of frosh-soph training. In future years, this team will prove to be a reserve of power where varsity material will be developed. Assistant Coach George Podemski aided in training these boys.

The ten lettermen that returned this year were: Louis Mau, Ralph Zachary, Paul Haller, Bill Romans, Jim Stewart, Capt. E. Lowery, Jack Massucci, Len Zabroski, Bob Dinkelman, and Charles Bland.

#### Council of War.

Scores were tallied by the following:

|          |   |   |    |
|----------|---|---|----|
| Massucci | 4 | 5 | 29 |
| Zachary  | 4 | 0 | 24 |
| Zabroski | 3 | 0 | 18 |
| Marine   | 3 | 0 | 18 |
| Mau      | 1 | 0 | 6  |

We Win!

Center Edw. Lowery earned a berth on the City League All-Section Team. Honorable mentions were awarded to End, Ralph Zachary; Tackle, Paul Haller; Guard, James Stewart; Quarterback, John Marine; Halfbacks, Jack Massucci and Len Zabroski for their fine play.

#### FOOTBALL BANQUET NOV. 29th

At a banquet honoring our gridders, the following players received Bowen letters:

E. Lowery, J. Massucci, J. Marine, R. Zachary, J. Alfievich, L. Mau, J. Stewart, L. Zabroski, P. Haller, B. Romans, B. Dinkelman, J. Bloom, C. Bland, J. Johansen, P. Tanzillo, R. Ulaskas, T. Wozniak, J. Starcevic, B. Kelly, D. Pearson, H. Sanford, R. Chiapetti, Dan Vujnovich.

## Juniors Capture Second in South Section

This season produced one of the best junior teams Bowen has had in recent years. Their season's record of 6 wins and 4 losses put them in second place for the South Section. In the city play-offs, Bowen beat Schurz by a score of 62-59, but lost to Waller in the finals 62-42.

The leading scorer was Dan Lopacki with 93 points for the league games. Following in close order were Frank Valadez, 64; Bill Baird, 63; and Ramon Aleman, 62.

## Boilermakers Take Second In South Section

With all but two lettermen returning from last year, Bowen students were looking forward to an exceptional baseball team. Their hopes were fully justified when Bowen beat Parker by a score of 4-2 to clinch second place in the South Section. After two false starts, the Boilermakers hit their stride in midseason with seven straight victories, ending the season with 8 wins and 4 losses.

Four boys, Bob Jingling, Don Drost, Jack Masucci, and Eli Grba were placed on the South Section all-star teams.

Richard Olejnik, Ed Litecki, Ted Kazek and Steve Knezovich filled their respective positions with outstanding skill, helping to make this year's squad one of Bowen's best and one of the best in the city.

## CHEERLEADERS

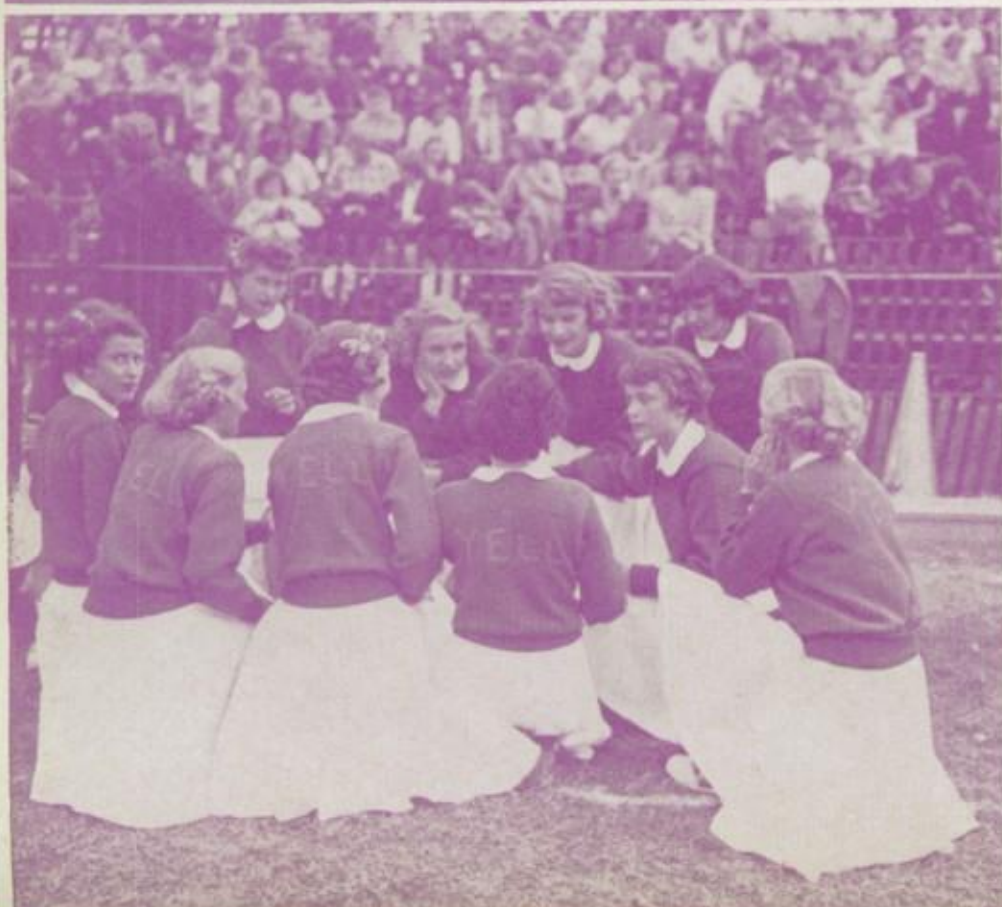

An organization of which Bowen is justly proud is the Cheerleaders. In rain or shine this group of girls can always be depended upon to lead the yells at the football games. In addition to cheering, the squad also tumbles and performs pyramids at the half of every game.

As a reward for a splendid job of cheering at all the football games, the girls are honored at the Annual Football Banquet with the players.

The squad also cheers at all the basketball games, pep rallies, and at the Orentation Day program.

After on year on the squad, a cheerleader earns her letter "B". Each additional years service with the group merits a gold star to go on the letter.

The cheerleaders, under the direction of Mrs. S. Stern, keep in trim through ardent practice three times a week.

## Good Strategy Wins

In February, 1951 a new and different club was organized at Bowen. It is the Chess Club con-

Players: Joan Kendick, Sam Pozanovich, Irving Muldowney, Don Zollicoffer, Jack Kaiser, John Culpepper, Frank Derner, Melvin Goren.

## Novak Takes Second In National Singles

The Boy's Bowling league started in September with lots of enthusiasm and ten four-man teams. Gene Krop was elected president, Edw. Mazurek treasurer and Charles Koronkowski, secretary. New boys kept applying for membership and a few of the others dropped out leaving ten teams, the maximum capacity of the Y.M.C.A. alleys where we they bowled.

They bowled two matches against Chicago Vocational, losing the first and winning the second. They also won a match from So. Shore.

At the end of the February, 1951 semester, the first place team was the 'Four Stars' which con-

sisted of:

Edw. Novak, Eugene Witecki, Bill Eagleton, and Charles Koronkowski.

Individual trophies were awarded to the entire first place team by the National Junior Bowling League. Ed Novak as high man received a special trophy for the semester. He also competed in the National Junior Bowling League Christmas Tournament in which he placed second in the singles. For this he received a large bowling trophy.

Many of our bowling league members graduated at the end of the first semester leaving us with a total of six teams. The first place team during the second semester was again the 'Four Stars'.

## 1,015 Students Join Largest Organization

The Girls Athletic Association, which is the largest and most active organization at Bowen, is open to all girls in the school and has a total mem-

bership of 1015. The purpose of this club is to promote good sportsmanship and fair play among its members.

Membership for a semester is only ten cents. During the semester the ticket may be used for admission to playdays, splash parties. G.A.A. award assemblies and many other activities. Any girl who is a member is eligible to receive awards such as five hundred point emblems, letters and chevrons if she has the required points.

The numerous activities of the association are planned by the G.A.A. Board which is composed of officers and chairmen of the various activities. The G.A.A. is sponsored by Miss Jessie Simpson.

One of the most active outside activities of the G.A.A. is the girls' bowling league. The league bowls every Tuesday at 3:30 p.m. at the Steel City Lanes. There are twelve teams consisting of five girls on each team. Each semester a trophy is donated by the Steel City Lanes to the girl with the highest average. Medals are given to the members of the winning team and to the girls having the high series and high game for the semester. Bowling pins are presented to the girls at the G.A.A. award assembly.

Among the many activities sponsored by the G.A.A. Board were the Freshie Get Acquainted Party. At this party the Board entertains the 1B's and tries to get them interested in the school and the G.A.A. activities. The High School and the

Grammar School Playdays are held each year for members of the neighboring schools to become better acquainted with our school. The Football Hop is an annual fall dance given in honor of the Football players, and the May Dance is an annual Spring affair. This was the first year the dance was held at

night. It has been a custom every year to elect a Senior Girl who would reign as queen at the dance, and to have a Freshman, Sophomore, Junior and Senior girl as her attendants. The May Queen this year was Mary Ann Grande who has been an attendant for the past three years. The attendants were Violet Nakarda, Senior; Arlene Novak, Junior; Barbara Appelgren, Sophomore; and Claudette Simunic, Freshmen. These were the highlights of this semester's activities.
